2009 Australia-Israel Hawke Lecture

Water Security and Climate Change: Israel and the Middle East, with Australian reflections

Dr Clive Lipchin, Arava Institute, Israel

Jointly presented by The Australia Israel Chamber of Commerce and The Bob Hawke Prime Ministerial Centre at the University of South Australia

Monday 6 July 2009

Bradley Forum, Hawke Building level 5
UniSA City West campus, 50 North Terrace, Adelaide
5.45pm for a 6.00pm start

More than a billion people do not have access to safe water, and some 2.6 billion lack adequate sanitation. However, the lack of access to water is not only due to its scarcity but to unequal command of the resource.

Climate change also affects water security – changing patterns of irrigation and agricultural production affect national economies and regional politics. Climate change will exacerbate the strains that already exist between access to water, inequality, and power.

Hear from an international expert on the impacts and challenges of water security and climate change in Israel and the Middle East and how Australia can learn from the solutions being developed.

Could a BMW really be the best value car in its class?

Wheels magazine certainly thinks so.

In the latest Gold Star Cars report, Wheels magazine compared many of the hidden costs of ownership, assessing nearly 100 cars in its quest to find the vehicles that represented the best value in their class. In addition to purchase price, it based its analysis on the following:

- Resale value
- Finance costs
- Insurance premiums
- Fuel efficiency
- Warranty
- Servicing
- Safety
- Drive

Outstandingly, BMW won eight awards with victories including models from the 1 Series, 3 Series, 5 Series, X5 and Z4.

Visit Adelaide BMW to learn more about the Wheels Gold Star Cars and what makes a BMW the best value car in its class.

membership

with the AICC

The Australia-Israel Chamber of Commerce (AICC) is Australia's pre-eminent Chamber of Commerce and one of the country's most prestigious and active business networking organisations. The AICC exists to meet the needs of businesses either by increasing business opportunities of our members within Australia or by increasing bilateral trade between Australia and Israel.

The AICC enjoys a unique position in the Australian business community through its ability to attract the nation's most prominent business and political leaders as both speakers and event attendees. The AICC leverages this extraordinary business network to deliver its members a strong commercial return, both in terms of targeted business promotion and personal access to relevant decision makers.

Established in 1970, the AICC is a national organisation with offices in Adelaide, Sydney, Melbourne, Brisbane and Perth, as well as in Auckland and Tel Aviv. Each of these offices manages an extensive and impressive member network and event series to enhance non-partisan business networking at senior levels and vigorously promotes bilateral trade through inbound and outbound trade missions. Each State Chamber has its own particular benefits, terms and conditions and costings for Membership.

In South Australia the AICC hosts over 60 events per year. Our Major Business Luncheons regularly attract 250+ corporate business leaders. In addition to these lunches, and due to popular demand, we have been organising more smaller events such as our CEO and Up Close & Personal Events, Boardroom Lunches, Seminars and Member Only Events with an attendance of 20 to 100 people that provide quality business networking opportunities and more personal interaction with our guest speakers.

Membership of the AICC is open to any individual or organisation that wishes to join.

Membership of AICC also gives you access to our Young Business Forum (YBF). YBF provides an insight into young business people in South Australia and is committed to fostering the growth of tomorrow's corporate leaders through valuable networking forums and programs. YBF comprises of individuals aged 20-35 from diverse industry sectors who want access networking and development opportunities at an early stage in their careers.
