Water Security and Climate Change: Israel and the Middle East, with Australian reflections

Dr Clive Lipchin, Arava Institute, Israel

Jointly presented by The Australia Israel Chamber of Commerce and The Bob Hawke Prime Ministerial Centre at the University of South Australia

Monday 6 July 2009

Bradley Forum, Hawke Building level 5, UniSA City West campus
50 North Terrace, Adelaide
5.45pm for a 6.00pm start

More than a billion people do not have access to safe water, and some 2.6 billion lack adequate sanitation. However, the lack of access to water is not only due to its scarcity but to unequal command of the resource.

Climate change also affects water security – changing patterns of irrigation and agricultural production affect national economies and regional politics. Climate change will exacerbate the strains that already exist between access to water, inequality, and power.

Hear from an international expert on the impacts and challenges of water security and climate change in Israel and the Middle East and how Australia can learn from the solutions being developed.

YBF Mentoring Program

South Australia
Any Day intake in 2009

Creating Tomorrow's Business Leaders Today...

Are you ready to take your career to new heights and gain years of valuable business experience in a matter of months?

If the answer is yes, then the Young Business Forum Mentoring Program will provide you with the opportunity of a lifetime. The Australia-Israel Chamber of Commerce (AICC) is excited to announce "any day" intakes of its South Australian Young Business Forum Mentoring Program in 2009.

The YBF Mentoring Program is an exciting initiative which offers an individual YBF member (mentee) one-on-one mentoring by an experienced and successful business professional who is prepared to act in the capacity of mentor and share his or her knowledge and skills.

The Mentoring Program consists of:

- min. 6 One-on-one meetings between the assigned mentor and mentee pair (1-2 hours per month)
- 2 Group mentee/mentor breakfasts

The program is conducted in a strictly confidential manner

Success Story

"The YBF Mentoring Program run by the Australia-Israel Chamber of Commerce has guided me to delve within myself to develop and refine the necessary tools that are required for my career progression at Perks Chartered Accountants. It has assisted me not only to seek guidance when necessary, but to challenge myself to develop solutions to problems and stand by my actions. The program has provided opportunities to build confidence in both professional and social situations. It has allowed me to develop a clear path for both my professional and personal goals to come to fruition. It has allowed me to realise my potential and create a clear path towards the future.

The outlay for the Mentoring Program is minimal compared to the vast benefits received.

I recommend the YBF Mentoring Program to anyone wanting to take their career to new heights and realise their potential."

Who has had the most influence on your career and why?

A number of successful individuals, who I look up to for their best qualities.

What was the most important business decision you made in 2008-2009?

To persevere with a spin-off business, despite what others were telling me.

How do you celebrate success?

With a glass of wine around those that inspire me.

What do you think is the secret to work-life balance?

Being able to say "no – I need to take a break"! Also, having a supportive wife.

What is one secret to success you would like to share with our YBF members?

Be determined but ensure you don't step on others along the way. But most importantly, enjoy the journey!

Barossa Valley Estate (BVE) was formed in 1984 by 80 third and fourth generation grape growers who took control of their destiny by forming a co-operative and produce their own wine.

Every BVE wine is made in the reflection of our world-famous E&E Black Pepper Shiraz. Crafted from 100% Barossa Valley fruit our wines highlight the true expression of the richness and character of the region.
